

CONSTRUCTION, COMPLETION AND MAINTENANCE OF PROPOSED (20NOS) HOUSING
UNITS AND MAINTENANCE WORKS FOR THE EXISTING (32) HOUSES FOR THE
MINISTRY OF HOUSING & URBAN PLANNING AT HALANIYAT ISLAND

The successful Tenderer are required to get the approval for any “sub-work” from the Ministry of Housing & Urban Planning through ESNAD system.

21. Trade Names, Manufacturer’s Names and Model Numbers

The Tenderer shall disregard all references to manufacturers, trade names or brand names, model numbers and foreign certification marks that may appear in the Tender Documents. Kite mark and other foreign certification marks and certification for materials and equipment

required from Original Equipment Manufacturers (OEM) are not permissible in this Contract even though mentioned in the specification.

22. National and International Standards

National Standards shall take precedence over international standards in the specification of materials, equipment, and workmanship for the works. Reference numbers of national and international standards such as OS, OES, BS, ASTM, etc. referred to in the Tender Documents shall mean the latest revision of such standards current at the time of Tender.

23. Standard Forms

A set of standard forms prepared by the Ministry of Finance, Financial Affairs is included in the Prime Document. These forms are for the information of the Tenderer and unless otherwise indicated in the Instructions to Tenderers need not be completed.

24. Rights to Divide

The Ministry of Housing and Urban Planning, as the Employer, reserves the right to allocate and distribute the project scope of works among multiple successful selected Contractors as deemed necessary for efficient project execution and optimal resource utilization.
